

## Make a Share Your Sparkle star

### Ask us how to Share Your Sparkle star

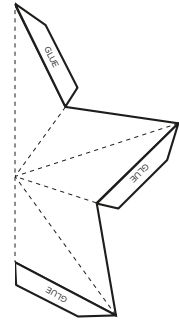

Cut out the Share Your Sparkle star below and, for a donation, ask friends and family to decorate the star. Or why not write a message of thanks or dedication, to give to someone or hang on your own tree.

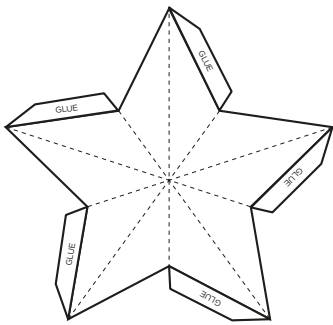

**1. Cut out both shapes making sure not to cut off the tabs.**

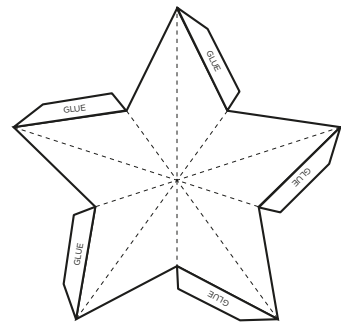

**2. Fold star in half using the dotted line as a guide.**

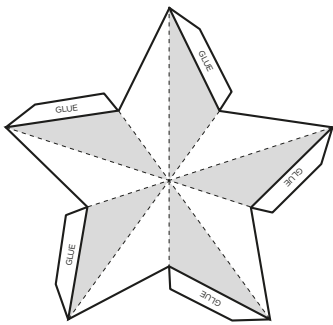

**3. Rotate and fold in half again.**

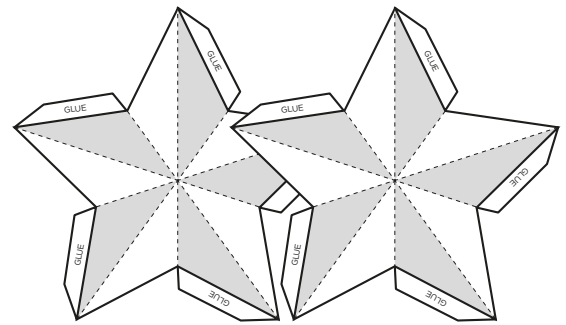

**4. Continue folding and rotating until each point has been folded.**

**5. Fold each crease on a point 'down' and all others 'up'.**

**6. Repeat 1-5 for the other side.**

**7. Stick the two stars together using the tabs. Make sure to face the printed lines inside so they do not show when complete.**

**8. Fix on string or ribbon of your choice to any point using glue or tape.**
